makarios cluster newsletter

January 2012 vol. 8 no. 1

Most of us approach a New Year with anticipation and I believe 2012 is one that will not disappoint .

I shared quite a lot last year on 11/11 etc. originally saying it may be just fun with numbers or maybe there was more to it. Well for me, as I have said before, it was quite a significant month and I believe one that changed so much in the world. After returning from a few days break over Christmas I was sitting at my desk opening some mail thinking of all that 2011 had held and contemplating that it is now behind and thinking about crossing over into 2012, the year of strengthening Kingdom Government. I opened my phone bill and it was \$111.11 due on 1/11/12. So my fun with numbers continued.

I used to say to my daughters when they were younger, to encourage them in their studies, "To love math is to love life". To continue with a little math I've included the following article that Johann from Tajikistan sent attached to his Christmas newsletter.

Absolutely amazing!
Beauty of Mathematics !!!!!!!

Now, take a look at this... 101%

From a strictly mathematical viewpoint:

What Equals 100%? What does it mean to give MORE than 100%? Ever wonder about those people who say they are giving more than 100%? We have all been in situations where someone wants you to GIVE OVER 100%.

How about ACHIEVING 101%?

But:

A-T-T-I-T-U- D-E

$$1+20+20+9+20+ 21+4+5 = 100\%$$

THEN, look how far the love of God will take you:

L-O-V-E-O-F- G-O-D

$$12+15+22+5+15+ 6+7+15+4 = 101\%$$

Therefore, one can conclude with mathematical certainty that:

While Hard Work and Knowledge will get you close, and Attitude will get you there, It's the Love of God that will put you over the top!

Now to a little more serious side! As we have now moved into 2012, a year that holds so much, I have realized that if we are going to see a significant increase in the government rule of God on earth then we need to make sure we are strongly committed to the foundation stones on which his kingdom is built. I am reminded of the Scripture that says that if the foundations are destroyed what shall the righteous do?

"If the foundations are destroyed what shall the righteous do?"

Starting this weekend in England at the Cluster time and then in our upcoming Cluster and sons times around the world over the next months, I would like to take some time to strengthen these foundations.

Marilyn and I look forward to seeing most of you soon and believe with you for this to be your best year yet so far!

Tony

Over 40% of the Forbes USA Rich List are Jewish whereas less than 3% of the USA population is Jewish. The book explores the phenomenon and tries to ascertain why Christianity has not inherited the same level of wealth, albeit promised to them in the New Testament. The Bible instructs that God gives the ability to produce wealth. This

book's objective is to expound and streamline not only the Biblical pattern of fiscal methodology but to extend to a fruitful life in both health and family. The same methodology has in prosperity exalted so many that have recognised and practiced its values.

The book provides references from many of the early Christian fathers as well as explaining the tithes, offerings, and terumah (first fruits).

The book is available at Createspace and Amazon and will soon be available on Amazon for Kindle.
