Our Life-Celebrating Newsletter
for the Cluster of Tony & Marilyn Fitzgerald

May 2005, Vol.1, No. 1

WELCOME

Welcome to Heart Copy™, R. C. PhD, MFA, CSI Lewis!

We are thrilled about serving our Cluster with excellence through this very first communication tool. We want it to be informative, imaginative and open to anyone's contribution (except for maybe Osama bin Laden).

Since our Cluster includes various nations of the world, we'd like to update everyone on what's happening within our Cluster as well as within the wider family of COTN.

We'd also like to introduce our newsletter's editor, Anthony Salem, who holds enough journalism background and Chernobyl radiation to bring the newsletter more life, and that more ridiculous.

Our format is simple. We'll give you the latest news and recipes (just kidding) on the front page. For those of you who don't know newsletters often have a "back" page, feel free to flip this page over and peruse the flowchart showing our responsibility base within our Cluster and the Richmond Resource Hub. In future editions we'll use that space to highlight a church or area in our Cluster. There's no application fee or medical exam required. Just write to us, if you know how, and we'll gladly consider your church or area.

Sound great? That's because it is. HE is, and there's nothing like serving Him as one big team that spans the globe.

Enjoy!

Giving the Gift of Giving *Church of the Nations Gift Day*

The Apostolic Steering Team and Apostolic Council decided at this year's meeting to alter the financial base of COTN to more empower Clusters. Churches would like on their income to their Cluster while the latter tithes to COTN International.

To keep the corporate heart in the whole, all agreed to supplement this giving with an international annual Gift Day. Each church receives a special offering or other form of receiving so they can bless COTN International in appreciation of their belonging to the worldwide family.

This year's Gift Day is **May 1**. Thank you for all your support as we believe together for the nations of the world.

New Cluster Nations *Australia*

Over the last three years COTN has become established in Australia. This is very encouraging for us since it's been 30 years since we left our homeland.

We are excited to tell you that our Cluster now has a church with a heart to belong to us which is also opening the door to a number of contacts and planting opportunities. We intend to spend most of the month of October in Australia consolidating these things.

we're **growing!**

Our next Leadership Conference will be on Nov. 4-5, 2005, but watch this space for where we're meeting. HINT: It'll be larger than where we are now, but smaller than the Roman Coliseum.

>> do you like our name?

If you think "Heart Copy" isn't the hottest, wait till you see what else was on the drawing board...

Growing Kingdom God's Way, by Tony Fitzgerald Ezzo

Family Ties, by Marilyn J. Fox

Whole In My Heart, by some bad country/western singer

Think you can do better? Slip us a line by email and maybe-just MAYBE-we'll consider it.
