Where to from here?

This heart copy edition is shorter than normal as we are currently re-evaluating the way forward for Cluster communication. If you have any thoughts or comments on this please let Jason know at jason.pascale@cotn.org.

It's "In the can"

Since the last edition I have been able to film all of my main teaching seminars and they are currently in the post production stage and should be ready for release before the end of the year. I filmed 44 sessions in one week which was new territory for me but sensed the grace of God on the whole endeavour.

Including the Glorious Church, which had already been filmed, we are packaging all of the seminars under the heading of "THE ADVANCING KINGDOM". All sessions are approximately 27 minutes in length. The outline is as follows:

Blog, Blog, Blog...

You have most likely read on my Blog on the COTN web site, or in AC Talk, some thoughts I have entitled "Till Death Us Do Part". This is all a part of pressing in to discovering keys to healing as we know that healing is going to be a major part of the Kingdom's establishment on earth. I have met with some people recently who have seen and are experiencing wonderful outbreaks of healing. Included in this Heart Copy is one of those testimonies.

On a personal note, we would appreciate your prayer support for Lily, our latest granddaughter from China who needs heart surgery as we are waiting to hear how the doctors will move forward. You can find updates at <http://www.yeattsfam.blogspot.com/>

Hi everyone

Recently the Lord laid it on my heart to start emailing testimonies about the great things He's doing, especially in regard to healing miracles. Initially I was hesitant but God was persistent so to him be all the glory! It's my prayer that you'll be inspired to step out in greater measures and see our God of the impossible do wonders! Be blessed!

Revelation 19:10 says "for the testimony of Jesus is the spirit of prophecy."

This means when we testify about what God has done, we are actually prophesying that it can happen again! I've seen it time and again when I've approached people who need a miracle, I tell them of a previous miracle of someone who had the same problem and it stirs up faith and expectancy that IF HE DID IT BEFORE... WHY CAN'T HE DO IT NOW AGAIN?!

My passion is to preach the proving Gospel. As Elijah put it, "Let the true God answer with fire!" With so many religions out there, I want people to know beyond a shadow of a doubt that what I'm saying is true. Jesus sent them to preach the Gospel and heal the sick. Other times He said, "when you get there, heal the sick, then preach!"

Throughout the Gospels and Acts, miracles and evangelism always went hand in hand.

We are all part of the Great Commission.

Bill Johnson said, "The Holy Spirit is trapped in too many unbelieving believers! He's in you and He wants out!"

This Gospel of miracles, signs and wonders are for believers NOT achievers.

"To those who BELIEVE, in My name they shall do these same works and greater works than these shall they do!"

When I pray for people in the street or wherever. I expect instant miracles and check immediately after I've prayed to see if there's a difference. It's not always instant, obviously, but if we pray and run away we're not stretching our faith or expectancy. Throw yourself in the deep end and see what God does!

Someone asked me the big question " what if they don't get healed? How do I believe for the next one? " Well... what if they DO?! The Bible says that FAITH PLEASES GOD. (Heb 11:6) It doesn't say the miracle pleases Him but the faith! So even if you step out in faith and pray for 100 people and see no results, your faith is still well pleasing to Him as if every one got healed! Also, not all miracles are instant (therefore it's considered a healing if it takes time) so you never know if they'll be healed on their way home or tomorrow etc. so never give up!

A few months ago I passed a woman who had a big open wound on her leg that hadn't healed after 3 months. It was bad! I begged her to pray for her and assured her she'd be healed! While I prayed (literally 10 seconds after I started praying), she laughed and gave me this look like " you're so crazy man!" and walked off! I was so irritated because I had the faith and wanted her to be healed. Four days later I walked into Spur and at the salad valley (yes, farmers do need to eat salad like their cows) this guy kept staring at me with a massive grin. He asked me if I remembered that woman I tried to pray for and proceeded to say, " ...you know, the woman who rejected you and you got irritated with?" (Wow the Lord was teaching me a lesson that there's more people watching you than you think!) He proceeded to tell me that he knew the woman and that 2 days after I had "prayed" for her, the wound was completely healed and there wasn't even a scar!!! He told her that the crazy white man was telling the truth and she needed to follow Jesus! That's grace!

I was in Estcourt recently and had an hour to spare while a part was being repaired so I hit the streets! I saw about 7 or 8 miracles but Jesus had a surprise waiting! As I was walking back to the repair shop, I passed an old Gogo (grandmother) who was walking tortoise pace with a walking stick! I noticed just next to her were about 5 high school students leaning against a wall. I ignored them and asked the old lady if I could pray for her. She thanked me but said her ailments were too great for 1 prayer to help! I convinced her though and knelt down to lay my hands on her knees. Just before I prayed, I asked the student if they had ever seen a miracle before.

They said they hadn't so I told them to watch cos they'll see one now (expressing faith which is confidence of things not yet seen!). after I prayed, I told her she was healed, held up her stick and told her to say a very religious thing: "BYE BYE CRUTCH! JESUS HAS HEALED ME!!!" with that she proceeded to walk perfectly... then run! The students started jumping and, for lack of a better word, FREAKING OUT! One young man had his hands on his head saying over and over "Now I've seen God! Now I've seen God!"

A group of about 13-15 students formed around me, I gave them the Gospel and in the street the sinner's prayer was shouted out! They were all set ablaze for Jesus!

Now just as I moved on from there, a young guy attached himself to me and was asking me questions. He was so disappointed because he hadn't seen the miracle but was only told by his friends. God granted him his desire immediately cos walking toward us was a "FREEBEE" (PEOPLE WITH CRUTCHES AND/OR CASTS ARE KNOWN AS FREEBEES BECAUSE RELIEVING PEOPLE OF CRUTCHES IS BOTH FREE AND FUN!). She didn't want prayer but she had no choice cos she was surrounded by lunatic students trying to convince her she'd be healed! She was healed and interestingly enough walked off without receiving Jesus or even saying thank you! God is good!

Grocery shopping with your wife can be FUN!! Here's a guide to enhancing your shopping experience:

Tess, my wife, and I were in Pick n Pay grocery shopping. A guy passed us who limped with two crutches- hit by a car in May 2009. We prayed for him and he got healed! His daughter, who was captivated looking at the sweets turned around and screamed, "Haaibo!" when she saw him walking perfectly! A few minutes later, 2 employees (who saw the before and after of the guy) came for healing. They brought their friends who brought their friends (fellow employees) from all over the store to get healed! They just kept coming from everywhere! Uninvited! Our shopping was ruined!! At one point we had 12 people blocking the aisle to be healed and even saved shouting the sinner's prayer in aisle 5! -- So hungry for God! Words of knowledge were plenty - teeth, deaf ears, backs etc healed. A family even came from the parking lot after seeing the first guy walking out the store carrying his crutches! you than you think!)

The father brought his wife and son. The son who had seen the miracle, ran to the parking lot to tell his dad (who obviously wasn't the shopping-with-your-wife type), and his father wouldn't believe his son - that's until he saw the man walking to his car, pushing his trolley with 2 crutches in it! They got healed of sugar diabetes and poor eyesight. The Hindu manager approached us and wanted to know what we were doing (disrupting the store!). I told her Jesus was possessing and healing the people and gave her the Gospel. Just then another employee came up to me to be healed and I told the manager the guy would be healed as he received Jesus into his heart – without me praying or laying hands on him, to prove Jesus is real. He was healed and the manager was shocked and hurried off. Over 30 miracles in the grocery store!

We forgot to buy half our groceries, but I'd have a day like that anytime! Jesus was awesome!

Well I hope you were blessed by the testimonies. It's my deepest desire to see people making miracles signs and wonders a lifestyle. Sometimes one miracle has a greater impact than 100 really good sermons! In John 4, Jesus got a whole city saved through a word of knowledge! Remember, faith is spelled R-I-S-K! Go for it, try it, partner with Him and see what happens.

Be mightily blessed,
Wendell Oosthuis
